

ANTI-CELLULITE (ADIPOSITA) REDUCING CREAM 75008

DESCRIPTION

Rapidly absorbed cream, it has a cosmetic action with a reducing effect on localized fat on the stomach, hips and rebellious areas. Formulated with Drosera ramentacea extract, a carnivorous plant that has the ability to reduce the skin blemish of cellulite in a short time. Caffeine and Glaucine (a molecule that comes from the Glaucium flavum - yellow poppy plant), molecules that visibly reduce typical skin blemishes of tissues that happen after weight loss. Ganoderma, Caffeine and Arginine work in synergy for a firming action.
