## DESCRIPTION

Snep RealComplex is a dietary supplement that may be useful to facilitate the **body purification** through the liver and kidneys.

The Dandelion promotes detoxification through the liver of toxic substances and metabolites accumulated into our organism.

The Birch can promote diuresis, activity attributed to flavonoids; it may also be useful for preventing kidney stones and gallstones.

The Artichoke can promote a choleric action for the presence of cynarin, a bitter substance that stimulates the secretion of bile; to this plant are attributed also the eupptic and stomachic functions.

Snep Real Complex has in its form also some Mineral Salts, including Iron Bisglycinate, which is constituted by a molecule of ferrous iron bound to two molecules of glycine.

This compound containing iron seems to be well tolerated and well absorbed by the gastrointestinal system.

Vitamin C is an important antioxidant that can counteract the action of free radicals, so it can help the body against pollutants, smoking effects and tissues aging; it is also important for the absorption and utilization of iron.

Magnesium citrate can be useful to relax muscles: the citrate may support the body in weariness situations, and such as birch can counteract the onset of some types of kidney stones.

Calcium carbonate may have important function for the bones, together with Vitamin D, and soothing effect to the stomach acid.

With its components, Snep Real Complex can be a great help to **purify the body, to protect it against free radicals, and to maintain a physiological wellbeing.**

## DESCRIPTION

---

The detoxication of the body has beneficial effects also on metabolism and retention of body fluids.

Cleanse our body affects so even our beauty.

Water retention is the body tendency to retain fluids, which generally stagnate in the accumulation of fat proper areas (abdomen, thighs and buttocks): it causes a swelling of tissues (edema) due to the accumulation of fluids, in which we find numerous toxins.

The causes of the stagnation of fluids and toxin production can be various: stress that unbalances the production of hormones, a venous circulation problem, pollution produced by modern society, and a wrong diet.

SNEP THE MIX has a **draining and antioxidant effect**, due to its **numerous natural components** that act synergistically to help **draining excessive fluids, removing toxins and restoring a proper metabolic balance**.

SNEP THE MIX can help the functionality of venous circulation and microcirculation, and drainage of body fluids.

Antioxidants may help the liver and kidneys to drain away the toxins present in fluids.

SNEP THE MIX, combined with a healthy lifestyle, not sedentary one and a high-fiber diet, they help prevent and resolve water retention and the related metabolic and aesthetic problems. SNEP THE MIX contains natural substances with CERTIFIED quality.

The red: antioxidant elimination of intestinal gas

Green tea: drainage of body fluids, balance of body weight, normal intestinal function, tonic (physical and mental fatigue), antioxidant

Ganoderma: natural defenses of the organism

Acai: Antioxidant. Metabolism of lipids and carbohydrates. Regularity of intestinal transit.

Goji: Antioxidant.

Rosa Canina: Supporting and restorative action. Regularity of intestinal transit. Antioxidant.

Mangosteen: Antioxidant. Natural defenses of the organism.

Bacopa: Memory and cognitive functions. Relaxation (sleep), mental well-being.

Centella Asiatica: Contrast of cellulite blemishes. Functionality of the microcirculation (heaviness in the legs). Memory and cognitive functions

Rhodiola: Tonic-adaptogen. Tonic (physical, mental fatigue). Normal mood.
