

SNEP TEA MIX SACHETS 00178

DESCRIPTION

The detoxication of the body has beneficial effects also on metabolism and retention of body fluids.

Cleanse our body affects so even our beauty.

Water retention is the body tendency to retain fluids, which generally stagnate in the accumulation of fat proper areas (abdomen, thighs and buttocks): it causes a swelling of tissues (edema) due to the accumulation of fluids, in which we find numerous toxins.

The causes of the stagnation of fluids and toxin production can be various: stress that unbalances the production of hormones, a venous circulation problem, pollution produced by modern society, and a wrong diet.

SNEP THE MIX has a **draining and antioxidant effect**, due to its **numerous natural components** that act synergistically to help **draining excessive fluids, removing toxins and restoring a proper metabolic balance**.

SNEP THE MIX can help the functionality of venous circulation and microcirculation, and drainage of body fluids.

Antioxidants may help the liver and kidneys to drain away the toxins present in fluids.

SNEP THE MIX, combined with a healthy lifestyle, not sedentary one and a high-fiber diet, they help prevent and resolve water retention and the related metabolic and aesthetic problems. SNEP THE MIX contains natural substances with CERTIFIED quality.
