DESCRIPTION

SNAIL SLIME FACIAL CREAM DAY/NIGHT

The snail slime facial cream with aloe vera and rose water, with a delicate natural fragrance, contains a series of natural active principles and plant-derived components effective in reducing the appearance of wrinkles and improving skin elasticity.

1. Centella Asiatica extract, with eudermic, reepithelizing, anti-wrinkle, and anti-inflammatory properties, stimulates collagen synthesis and, in combination with Sodium Ascorbyl Phosphate, the salt form of Vitamin C, ensures a marked improvement in skin firmness and elasticity. Additionally, vitamin C possesses antioxidant, brightening, and illuminating properties that help counteract skin blemishes.
2. Aquilea extract has anti-inflammatory, soothing, sebum-regulating properties, and combats skin redness.
3. Argan and jojoba oils guarantee moisturizing and emollient effects.
4. There is a unique balanced blend of hyaluronic acids that combines the deep hydration effect of high molecular weight fractions with the anti-aging effect of low molecular weight fractions.
5. A high molecular weight polysaccharide containing L-fucose, D-galactose, and galacturonic acid gives the cream a soothing and moisturizing action, reducing skin sensitivity and preventing aging.
6. Allantoin, already naturally present in snail slime, stimulates collagen synthesis, attenuates wrinkles, and gives the skin a youthful appearance. Its moisturizing, soothing, and relaxing action helps the skin regenerate gently.

7. Vitamin B5 (D-panthenol), with moisturizing action, relieves itching, irritation, and redness, and promotes the skin's regeneration process, helping to support its natural barrier function.
8. Vitamin PP has moisturizing, illuminating, sebum-regulating, and anti-inflammatory action.
9. Antioxidant vitamin E helps slow down the skin aging process.

Free of petrolatum, parabens, silicones, alcohol. Suitable for normal and sensitive skin.
